* Print or ePub files are available for those who prefer their PDFs * View your favorite teams, players and current leaders in real time * Assign your favorite players to individual captains * Adjust your offense, defense and special teams playbooks for optimal play selection during the season * Send your selections to your phone so your entire team has instant access to the plays during the season * Choose from a variety of pre-written formation and formation sequences to get quick scoring and play action * Print individual plays to play on the court during practice or games * Select a starting lineup, substitute in lineups for all game situations * Designed to fit your needs, Basketball Playbook is one of a kind Sometimes the most expensive feature is the best one. Basketball Playbook Pro is a good example. Priced at \$11.99, the premium version of this ready-to-use tool offers a number of valuable features. There are three versions available: 7-day trial, monthly and yearly plan. You must choose at which one you want to give it a try. The trial version offers you the installation and the ability to use a certain amount of time (7 days in my case). The monthly version allows you to use the app for 3 months. After that time, a box will appear on your screen, which asks you to purchase the app in order to continue using it. The yearly version costs you \$9.99. It is a much better choice if you need to use this application for a significant period of time. Basketball Playbook features quite a few tools. They are all clearly marked and each of them can be accessed by simply tapping on their respective place on the interface. There are 20+ pre-written formations, all of which are well organized. They contain a brief description of the play, the sequence, players involved and their positions. The pre-loaded formations are like a template for you to use to create your own strategies. There are some unique features that Basketball Playbook has. For example, you can assign a team captain to each player on the court. Thus, the team, as well as the captain for each player, can be edited. You can add a new play by simply clicking on the plus symbol that appears on the right side of the screen. This is a great tool to customize your strategy, as you can easily add new formations, sequence and tactics. Basketball Playbook is a useful and practical tool for

Basketball Playbook Crack Free Download

If you coach basketball, then you know how difficult it can be to make everyone understand the play combinations going through your head. Basketball Playbook is a handy tool that can help create and practice various schemes and tactics. The program has a simple interface that should be quite easy to figure out by all users. There are already some schemes available that you can use as a template or put together your own. These may be stored under various categories, such as "Free throws", "Offense", "Passing" and "Warming up", to name just a few. Depending on the choice you make, there are also some subcategories you can opt for. Next to each drawing, you may view a vivid description of what is supposed to happen. The drawings can be edited by moving the players, adding arrows, sequences and formations. There are also several court designs to choose from. The aforementioned descriptions are easy to edit. The program includes some text styling options, such as bold, italic and underline, but also some alignment tools. All the schemes can be printed and distributed to the players. Thus, this tool can help you create better tactics and obtain great results with the team. The bottom line is that Basketball Playbook is a nice tool that can come in handy quite often. Less experienced individuals shouldn't have any problems working with this app, thanks to the intuitive interface and the app's overall simplicity. Basketball Playbook Pros: - Very simple and intuitive interface - A nice amount of available schemes -Useful statistics – Customizable court designs – Can print schemes for instruction – Possibility to create coaches' notes - Remind yourself of tasks for practice or game - High level of security Basketball Playbook Cons: - No offline usage - Focusing on the individual schemes Basketball Playbook by In-App-Billing is a powerful basketball coach's aid for high school, college and professional game preparation.
