Q: Kendo UI - Access TextBox I'm using Kendo UI in a Windows 8 Metro app, and I'm having trouble accessing the TextBox elements. I get the following error: The best overloaded method match for 'System.Windows.Controls.TextBox.TextBox' has some invalid arguments Here's my code: `var grid = $("#test-grid").kendoGrid({ dataSource: datosSource, columns: gridColumns, editable: true }); grid.bind("editing.canceling", function (e) { var grid = this; var textbox = grid.element.find(".k-textbox"); alert("TextBox: " + textbox); });` Here's the live demo: Any ideas? A: The line `grid.element.find(".k-textbox");` does not find anything. The elements are not within the #test-grid element. Try `var grid = $("#test-grid").data("kendoGrid"); grid.element.find(".k-textbox");` Instead.

Cernobbio (Milan Metro) Cernobbio is a station on Line 2 of the Milan Metro in the city of Milan, Italy. The station was opened in 2016. The station is located on Via Porcia, a stretch of the Milan–Marghera railway. In front of the station there is a park, but the station is located on one of the busiest streets in Milan. The station has a connection with Cernobbio Ponte. References Category:Milan Metro stations Category:2016 establishments in Italy Category:Railway stations opened in 2016

Clinical profile of patients with mild cognitive impairment in an academic memory clinic. The purpose of this study was to describe the profile of patients diagnosed with mild cognitive impairment (MCI) in an academic memory clinic as well as to study characteristics correlated with conversion to Alzheimer's disease (AD). One hundred and thirteen patients with MCI were included in this study. Fifty-seven patients converted to AD and 56 remained stable. The diagnoses were based on consensus criteria of the
