Always On Top Maker Activation Key Free Download [2022-Latest]

Always on Top Maker is an excellent utility that allows you to make any windows always topmost. The app has a very simple interface with a few options and icons. There are a lot of configurable options to prevent the tool from creating entries in Windows' Registry. This tool is very easy to use and doesn't require registration. It doesn't waste system resources, thus, it reduces overall computer performance. It can be used on any Windows operating system. The program features four easy-to-use options that let you achieve your desired result within no time. The tool can be used at any time and doesn't require a PC restart to fix a registry error. All options are enabled using hot keys. The app's installer will check for any invalid registry data and will add an icon to the system tray to let you exit the app. This tool will allow you to run even if you have third-party anti-virus software. It will not create unnecessary entries in the Windows Registry. Although this tool does not replace the conventional way of window positioning, it offers the option of turning Windows configuration off or changing shortcut keys. You can prevent the app from creating any new entries. Simply put, it makes windows topmost without any registry entries or file modifications.
