Double-click the file "SkypeOutlookPlugin.msi". 2. Click yes to install. 3. Choose to restart your computer to complete the installation. SkypeOutlookPlugin.msi (Required) [msi] Skype for Windows [Microsoft.net Framework] Skype Plugin for Outlook [Microsoft.net Framework] SkypeOutlookPlugin.com is the personal site of Vitoria Di Giulio. If you think something is wrong please let me know. Are you looking for a solution to instantly call your friends and colleagues while they are online in the Skype for Business client? With Skype for Business 2013, we've added the ability to instantly call Skype contacts without having to open a chat window first. How does it work? Click on the Skype icon in the top right of your client to instantly call your contacts. When the Skype contact is online, he or she will receive a message and be able to accept your call. If the contact isn't online, the phone icon will be greyed out, and you'll be able to see the last call log that your contact made on Skype. Here are the steps to call a contact online in Skype for Business 2013: 1) Select the Skype contact that you would like to call. 2) Click the 'call' button on the top right of the Skype client. 3) The contact will receive a Skype notification that you're trying to call them. 4) Click 'accept call' in the Skype notification. If the contact is online, they'll receive a message and be able to call you back. When they're online, the phone icon will be a green phone. Here are the steps to call a contact offline in Skype for Business 2013: 1) Select the Skype contact that you would like to call. 2) Click the 'call' button on the top right of the Skype client. 3) The 09e8f5149f
