Blog: Westinghouse Fridge Freezers f Lg Fridge Freezers. Unlocked Defrost Heater Element Manuals Defrost Heater Westinghouse Refrigerator Freezers. Westinghouse Handheld Remote: B1505. Fridge Freezers and How to Use Them.Q: Can't figure out how to debug in Firefox while testing WebDriver I am using Selenium WebDriver and when I run a basic test using Firefox and the xpi file from I get an error about the navigator.userAgent, but running the same test on Chrome works perfectly. I just need Firefox to work and the error does not hinder me at this point, and a lot of the tests I run work in Firefox. We have another test that works perfectly in Firefox, which uses the FirefoxDriver, but that tests that the site works, not the interactions. This is the error: TypeError: navigator.userAgent is null Here is the code: //Firefox protected void SetUp() { //we'll need to get Firefox working before we can open any drivers //we'll use a profile since it's a pretty good solution for using multiple //Browsers System.setProperty("webdriver.gecko.driver", "C:\\Users\\Gabriel\\Desktop\\GeckoDriver-win64\\geckodriver.exe"); FirefoxProfile fp = new FirefoxProfile(); fp.setAcceptUntrustedCertificates(true); fp.setPreference("browser.download.dir", "C:\\Users\\Gabriel\\Desktop\\selenium"); fp.setPreference("browser.download.folderList", 2); fp.setPreference("browser.helperApps.neverAsk.saveToDisk", "application/pdf, image/jpeg"); fp.setPreference("browser.helperApps.neverAsk.saveToDisk.defaultNewTabPage", "application/pdf"); fp.setPreference("browser.privatebrowsing.autostart", true);
