About:

Elden Ring is an RPG that continues the story of “*Elden Ring: Legend of the Phantom Flame*” as the series continues into a new direction, one that will surely raise your interest. The ending of “*Elden Ring: Legend of the Phantom Flame*”, titled “Sacrifice”, left some of the questions it raised unanswered, and we decided to create the story of “*Elden Ring: Calamity Trigger*”. “Elden Ring: Calamity Trigger” starts the series with an action-oriented style, and places you in a new world that is completely different from “*Elden Ring: Legend of the Phantom Flame*”, where you can catch up on the history of the world.

Availability:

On May 28, 2015 at 8am JST, we will formally announce release dates for “*Elden Ring: Calamity Trigger*,” along with official release dates for PlayStation 4 and Xbox One (via Steam) in North America, and European release plans. We'll announce those plans here on our official page as well.

Also, “*Elden Ring*” will launch in the “*Legion of Guardians*” add-on for the upcoming “*Final Fantasy XV*” on December 1, 2015. *Legion of Guardians* will include a “*Massive Overdose*” mini-game that will offer an expanded story for fans who

MARUI KAORU Developer : XSEED Games Release date : 2014/10/31 Genre : Action RPG English Voice : English, Japanese Language Compatible Thoughts : Why i chose to try this game : I've heard from BakaMugen previously about the status of Old Games being rare here in Japan, and I felt like i wanted to be a part of that, and try some decent Japanese titles if i ever did want to buy one. But then when i did look up the game info and was looking at some of the stories of it, I realized it was a rather short title, and i didn't want to throw away my money on a game that didnt have a lot of replay value. Its also a game that i really wanted to give a chance to because i hadn't really played an action rpg in a while. So considering all that, i did end up purchasing this (PRICE CHEAPER than i had originally thought). Also, since i was going to continue playing after the game came out, it gave me an excuse to get one of my favorite actors to do the VO, since he's also in this game. CAST : Tarnished Prince : Adolin Kard Auditions : -A voice actor that makes this game for me is best-known for voicing Korra from the Avatar series of shows and he also has voiced some characters in Tactics Ogre. He's awesome, and i highly recommend him to anyone with the right acting ability. -A voice actor who is best known for Anime-related work is also going to be in an anime or two for the upcoming season. Prince Lindblum : Masashi Hirose Auditions : -He's also been part of many titles like BlazBlue, Persona 4, and Kuroko no Basuke. He's great in the role, with a voice that i find very pleasant to listen to. -A voice actor who was part of the voice acting teams for both Persona 4, and the BlazBlue series. He is a legendary voice actor. bff6bb2d33
