A soft robot that can freely move its arms, legs, and head. A mecha that looks the same after 30 minutes of operation as it does on the first day of creation. A space colony named "Hollyoaks" is home to players from various worlds, real and virtual.

Octo is a futuristic fantasy action RPG game in the same genre as Disgaea. The title is a little hard to digest, but the floor plan is similar in style to Persona 4. First you go on a date with your virtual elf girl, then you are promptly kidnapped by Lord Kinnade, an evil elf who wants to steal your soul.

In the game, you can play as an elf or an alien. The story and characters change depending on who you choose. You can fight as a ninja, a powerful punch with gi, or a gun with a doll. Along with conventional battle situations you can attack your opponent with an invisible sword or perform an ability that grants control over large parts of the environment and the enemy.

Zombie Craft is a final boss theme, where you can fight against zombies in

a theme park. You can jump atop the heads of zombies to drop down, and fight against the enemies after surviving the fall. It is a real pleasure to perform various moves against all of the different zombies. The time limit of the period also doesn
