SYDNEY BROOKE. The road to Mountain Bike Magic When we get to the top of the mountain, there is a whole world waiting for us to explore. SYDNEY BROOKE. Excerpts from men, women and children surviving on the brink of starvation, and following the dreams of a united Nigeria, continues this seminal account of an important chapter in our modern history (1975 - 15th March, 1979) In the chaotic climate of the late seventies, Yaounde, Cameroon's capital, is an unlikely city for a west African party to occur. It is not that there is anyone around - there are no soldiers, no teenagers on motorbikes pimping their wares and no radio-speakers coming over the road- or that there is nothing to do - but some highlife joints operate as a dancehall called 'Skokiaan' just off the main road - the 'epikatrope' - and there are plenty of men around. Of course, there are no women, but there are lots of mid-twenties girls or older and their feminine techniques and looks are all over the place. It is not that there are any gays in Nigeria - the gay scene is nothing compared to other African nations -but there is a kinky taste in some of the milieu which appears to be very widespread, and the love-motive is often apparent. In this environment, one of the most difficult goals is to create a logical system of marriage. Traditional religious interpretations were sometimes out of date and obviously misleading, and they made marriages very precarious. But some kind of more equitable construction of the traditional system had to be found and the remaining method of joining two people together could not be relied on. In the brawling jumble of the Lagos ghettos, it was not uncommon to find confused couples forced to marry. People were constantly being divorced, and if it was not one thing it was the other - multiple marriages and more than one wife and more than one husband. A new form of marriage did occur, which made its tenants so unpredictable that in some cases neither party wished to take responsibility for the

Kindred Spirits on the Roof is an excellent visual novel, yuri romance focused or otherwise. Every character is imbued with a fantastic personality and the story is both light and heavy in proper measure. Reading through the main storyline is an absolute joy. It is fairly pricey at \$35, but the quality and potential time spent is more than worth it. You'll be extremely hard-pressed to find something more heartfelt than Kindred Spirits on the Roof. Story: Starting out as a happy and content teenager, Suguha loves to dance and sports, especially swimming. However, she lives in a house where her mother is the crazy owner, and her only brother works at a small convenience store in an attempt to support his large family. While being forced to work for his mother, Suguha meets the mysterious and sexy Ayaka. Ayaka is many years older than Suguha, and has no interest in her. After the death of her father, her step-father took care of the family, and Ayaka lives in seclusion. Even so, Ayaka starts to find her way into Suguha's life, after she gets expelled from the school she has been living at, and runs into her one night. Her courage and bravery to carry on living alone makes her become important to Suguha's own life, and the life of those around her. Characters: The characters in Kindred Spirits on the Roof are absolutely fantastic, and fit with the personality that the player focuses on. The two main characters are Ayaka and Suguha, each equally important to the story. Suguha is a bright and energetic teenager, who loves to dance and sports. She has a very special bond with her high school friend, Mayu. Mayu is a beautiful girl with long black hair. When Suguha meets Ayaka, Mayu is at first skeptical of her. She later finds herself falling in love with Ayaka as well, and greatly supports her in her time of need. Suguha's mother is a very twisted, kind woman, who owns a dance school and tries to create the perfect daughter. When she encounters Ayaka, she realizes how wrong she has been, and comes to great lengths to redeem herself. To compare the two characters: Suguha is your ever cheerful and heart-warming protagonist, while Ayaka is your dark and mysterious antagonist. Art: The characters and the appearance
