Description / Review / Listing: Lust From Beyond is an RPG, played in the world of ancient magic, with an emphasis on bloody gore. In Lust from Beyond, you play as a Fire Eater, a creature that lives above the clouds. You are the only thing that lives there that can survive the inhumane conditions, a not-so-overly-pleasant situation, as all of the nastier creatures prey upon you. Your skills are very necessary to survive in such harsh conditions, as you must be able to take out a variety of opponents (including some rather oversized), also you must be able to navigate through the various areas, and a variety of puzzles are present. The story is fairly simple, the Fire Eater is tasked with protecting the land from other Fire Eaters, and the main reason for the land above the clouds is explained in the introduction.. (you should be able to play on a normal gamepad, as Steam does not require a Steam account or LRP). Lust from Beyond PC Game Download - PC Game Crack Full Game Download.
