We at Odd Future Wiki would like to thank just about every tumblr user who sent us a Fav for revealing the final cover for TARNISHED. We are really excited to share the reveal with our readers and fans, and for once being able to blow our own horn a little bit. For those new to the book and the series, TARNISHED is the third book in The Outland Cycle by Outland Press that OJW is proud to be part of. OJW is a branch of Odd Future, founded by Hodgy Beats, and operated by the next generation of Odd Future. Hodgy is one of the creative brains that started this book and believes that TARNISHED will be the first of many books that he will write in this series. J.A. Skoglund is also a great part of the Outland Press crew. He is a self-described new school writer, and for many people his novel WORDS FOR CARGO published by Mint Press is his breakout novel. Together, Hodgy and JAS will explore where Chaos dwells, what its nature is, and how humans can defeat it. This book is pretty stacked. It has over 30 incredible artists and writers working on the piece, so it should be on your radar. The book is a reprint of the original graphic novel from 2013 titled Tarnished by Chad Bray, Andy Belanger, and Elisabeth Watkins. The book is 270 pages and is full of action, adventure, and characters that are sure to have you wanting more. Check it out, and follow the Outland Press Facebook page for more news.
