Subtitles in built-in player not working Ang on Friday, 24 August 2018 - Page 1 of 1 Hi everyone, we use Felix player for our sites which is really nice and easy to use. While testing our site we noticed a problem with subtitles and was really annoyed as we couldn't see the names of the languages. We did notice that it was working one day while testing but then that day it stopped working the next day. What might have happened is that someone updated at some point their machines settings so we think that it was something related to that. Any idea on how we can enable the

subtitles for our Felix player? thanks a lot.
