We get it. You have a serious eBay addiction. And while this really is your best bet for auction. sniping, you don't need all the bells and whistles of other auction sniping software's. All you need is the EBSniper sniper. If you are like most people who use the auction sniping software others have built, you look at other software and you just don't see the intelligence in the auctions sniping log. The EBSniper is no exception. In fact, you will often find us sniping using one of our user built auctions sniping log. The EBSniper includes five auction sniping log modules. The first log module is for the standard auction, meaning the auction you are sniping for. The second log module includes the list view showing the number of bids/snipes, and also the bid/snipe numbers. The third log module includes the bid values. The 4th log module includes the list view showing the number of bids/snipes, and also the bid/snipe numbers. The 5th log module includes the bids/snipes. The EBSniper also includes the ability to filter by different fields such as item numbers, bids/snipes, bids, and snipe numbers. The user built auctions sniping log modules are also customizable allowing you to adjust to your own settings. What is new in this release? We have added Auction Sniping Logs to other modules. You can now also set up your eBay auctions sniping log from: Ebgo Sniping, Ebay Current Snipe, Sniping for eBay, Sniping for Auction, or Sniper for eBay auctions. Associated Press A surge of Chinese investments in Latin America has brought growing attention to the potential of the region for boosting

economic and political influence in Latin America and the Caribbean. In the past decade, in particular, China's growing appetite for natural resources and infrastructure abroad has translated into a growing number of investments in Latin America. Some of the investments have become public: Bolivia recently sold mineral and oil assets to a Chinese company, while Chile and Mexico have attracted increasing amounts of foreign capital from China and countries with which China has established closer economic ties. Other investments remain largely off the radar. Chinese money buys assets, such as Brazilian soy fields, that aren't usually well known to investors, but aa67ecbc25
