Â· The Icons Factory 1.0 The Icons Factory is a small and simple Icons to Draw Everything application.Q: Is it possible to find out a user's local time zone on iOS? Is it possible to find out a user's local time zone on iOS? We have an app that we build that has a built in time zone (UTC) in our system, and we need to know if our users are in the same time zone. We've seen that there are lots of apps out there to help with time zones, but we'd like to do it ourselves as well. A: NSTimeZone

```
*localTimeZone = [[NSTimeZone alloc] initWithName:@"Local"]; NSTimeZone  
*utcTimeZone = [[NSTimeZone alloc] initWithName:@"UTC"];  
NSLog(@"%@",[utcTimeZone name]); NSLog(@"%@",[localTimeZone name]);
```

Code taken from the com.melnykov.nsdatezone.h file. As the political season heats up, questions about climate change are becoming increasingly common. From noise in the background of political speeches and interviews to the rise of politicians who are known for their climate-change skepticism, it is a hot topic that is being talked about more and more often. With the effects of climate change already firmly in place in some countries, a majority in the United States and rising in others, and a growing number of scientists warning of the dire future climate change could bring, it's an issue that may soon become a household term. On Monday, The New York Times reported that President Donald Trump, who once called climate change a "hoax," will begin to take action, or lack thereof, to deal with the issue. It was reported that an executive order aimed at reversing the previous administration's efforts to combat climate change was expected. If this order is signed, it would be Trump's first significant step towards rejecting the Obama administration's climate agenda. It is all but certain that the Trump administration will attempt to undo many of the Obama administration's climate policies. However, some experts who followed the Obama administration's climate policies during his two terms were hoping for a less sweeping reversal. "I do not believe he will go as far as to
