Presenting the HyperMotion Technology features in FIFA 22, FIFA Executive Vice President, Erik Solheim said, "What makes FIFA so popular is our ability to perfectly capture the glory and experience of a football match on screen, and FIFA 22 is the best yet. The HyperMotion Technology has been created to give you the most authentic experience of playing live on-pitch in the new FIFA game. The player-driven experience of the game comes through the physical action with the players on screen, and it's here where we want to present the best gameplay engine we have ever created." Solheim adds, "To deliver that the most realistic gaming experience, we also ensure the game delivers the best graphics engine we have ever created, which is why you will experience the best animation ever in a FIFA game. HyperMotion represents the next evolution of the FIFA gameplay engine and encapsulates everything the FIFA franchise is about - authenticity, emotion, style and execution." The full FIFA 22 features, trailer and release date can be found at www.FIFA.com/22. FIFA 22 includes:- The most realistic-looking game engine ever made (featuring the most detailed 3D models and graphics)- HyperMotion Technology: Feel like you are in the game. Feel the pace and the intensity as you leave your mark on the pitch. Leverage the best real-life data to create realistic player animations and actions in one of the most authentic on-field experiences ever. (Available on Xbox One and PlayStation 4 on launch date)- Competitive online play with more players per team, more data and better reliability.- Live on TV. Enjoy comprehensive coverage of 2018 FIFA World Cup Russia including landmark matches and the FIFA World Cup Trophy Ceremony. Hypermotion Technology comes from the FIFA "worldview." This concept has guided the game design from the start, from the game engine to the animations, the detailed player models, and the physics of the game. The goal of the concept is to present an authentic football game. FIFA 22 will allow players to go above and beyond the rules. Players will play on their natural instincts, while putting the intensity and realism of the game at centre stage. The unique features of the Game Engine will make the game experience more genuine than ever. FIFA 22 is the successor to FIFA 20, which was ranked as the number one FIFA game on the PlayStation 4, Xbox One, and PC by the German magazine "GOLD" and the French magazine "PlayStation Official"

Developed by EA Play for PC, Mac and Xbox, FIFA is the world's biggest, most popular football game series, selling over 120 million copies since the first edition on the Sony PlayStation in 1996. FIFA has established itself as the foremost football videogame, with a passionate worldwide community of over 350 million players. 1. GAMES - a class above the rest We start by redefining what football is. Building on FIFA's record-breaking open-world feature set, FIFA 22 is the most diverse and complete game in the series to date. We reimagined the famous Champions League opening match with Liverpool and Borussia Dortmund, and balanced 20 international clubs and leagues with new innovations and gameplay, including a first-of-its-kind season preview feature. We've created the most ground-breaking and authentic re-creation of the Champions League to date, with 6 new real venues, and 7 in-game stadiums and fan areas to explore, including the capital of world football, Istanbul. We even recreated 7 Stadiums featured in the World Cup final on 22 June (2016). Plus, 28 moments from the past 13 editions of the tournament are now reproduced and we've given players a virtual audience to witness history as it happens. And we've made major gameplay advances: All-new Player Creator: Everyone can be a footballer! With this revolutionary system, you can build the ultimate footballer without any of the rules and restrictions of real football. Create your player any way you like and use all the hundreds of different attributes to make them the most skilled player in the game. FIFA's most dramatic video sequences: We've created video sequences for all over-the-top moments including a Man Of The Match Battle Royale and Champions League Kick Off, with new cinematic set-pieces and classic in-game actions (think about how we are bringing the pizzas back from Italy for a family feast in the Champions League match in Liverpool. See it here: This is all happening inside the game, like it happens in real life - for the first time ever. FIFA's most devastating set-pieces: From dead-ball situations to long-range shots, FIFA is back with the game's most devastating set-pieces. With 30 completely new techniques and animations, and with the most realistic atmosphere ever, including the rumble of the crowd as the ball is whipped into the air and
