The Big Bang Theory star Jim Parsons has been announced as host of the 63rd Primetime Emmy Awards for NBC on Sunday, September 18, 2013. Parsons will join his former co-star, current Emmy host Chuck Lorre as the "co-chair" for the telecast from the Nokia Theatre in Los Angeles. Parsons replaces Larry David, who hosted the 2012 ceremony, and he will be the second Emmy host Parsons has worked with. He served as host and star of the HBO series, The Big Bang Theory, for the first two seasons of its run. Lorre returns to host the 2013 ceremonies, his second Emmy nomination in four years. Lorre was nominated for his work as producer on the CBS sitcom The Big Bang Theory in both 2010 and 2011. David has also been nominated this year for Outstanding Variety Series. Now in its sixth season, Big Bang Theory has won 16 Emmys in various categories, including best comedy series and for Parsons for his role as Sheldon Cooper. Lorre and Parsons won a writing Emmy for the second season of Big Bang Theory. In addition to Emmy noms, Big Bang Theory star Johnny Galecki has earned three Screen Actors Guild Awards for his performance in the series. Jennifer Aniston and Kaley Cuoco have also been nominated for Best Supporting Actress in a Comedy Series. This is big news, so I'll make it short. Either you're either sick of the endless headlines about the subject, are on holiday or, like me, just haven't had the time or inclination to pick up a newspaper in a long time. I've got some good news, and some very good news. The bad news is that the New Zealand Fire Service have been burned out and exhausted working on fires since May last year. The very good news is that as a result of that, they've created the new Fire Emergency Response Team, that will use a mix of local and national agencies, to provide a dedicated, mobile firefighting force to the region. The very good news is that the Mobile Fire Emergency Response Team will cost \$4500 to create. Not such a bad price, considering you can often build a house for less than that (the NZ government is currently building houses like they're going out of fashion). However, it's too early to say exactly when it'll

Brushes 1. **Brush Tool** — Opens the Brush Dialog 2. **Brush** — Opens the Brush Panel 3. **Brush** — Opens the Brush List The Brush tool in Photoshop CS6 and up enables you to quickly paint with an even, opaque color anywhere on an image. You can select a brush type or click and hold to choose a range of color. Or if you are using the Color Picker, as shown below, you can choose a color and paint using it. Or you can paint by using any of the other brushes in the brush palette (the first one is already selected), including the Burn and Blur brushes. Brushes are saved as part of the Brush Palette in Photoshop. The Brush Palette is located near the "eye" button at the top right side of the Photoshop Toolbar (which opens the Brush Dialog box, shown below). Or you can click the Brush drop-down menu in the Tool Options window (which opens the Brush Dialog, shown below), or choose Edit > Brush from the Photoshop menu and open the Brush Dialog. ## Dialogs 1. **Photoshop Brush** — Opens the Brush Dialog 2. **Brush Settings** — Opens the Brush Settings Dialog 3. **Brush Settings** — Opens the Brush Settings List
