slime rancher save editor and slime rancher save editor and cheats for slime rancher save editor and cheats forRight-handed pitcher J.J. Hoover is on the verge of becoming a two-sport star. The Arizona State junior pitcher is in the final stages of playing with the Alaska Select 14U team in the Arizona Spring League, and could earn a spot on the U.S. national team in the 2020 FISU World University Games. Hoover, who is 5-foot-11, 170 pounds, was selected in the fourth round (No. 116 overall) of the 2019 MLB draft by the San Diego Padres, but chose to fulfill his goal of playing baseball in Tokyo while continuing to pitch for his team at ASU. “I’m having a blast,” Hoover said. “I’m just trying to go out and compete, compete as hard as I can and try to get an invite to the national team.” Hoover’s teammates on the 14U Alaska Select team are members of the USA Baseball Collegiate National Team who had previously played in the 2019 World Baseball Softball Confederation (WBSC) U-16 Baseball World Cup. The USNT squad lost two games to China and Japan, but posted a 4-0 record for third place in the tournament. Hoover had a 3.00 ERA in six appearances with 14 strikeouts and a 0.928 WHIP. ASU head coach Mike Leake first saw Hoover pitch as a sophomore when he was a catcher in the Arizona State 7U league. The team won the 7U League title, a game away from an Arizona State record tying championship. “I knew right away,” Leake said. “He’s a great athlete. He can catch, he can play third base, he can go to first base. He’s a late bloomer as far as baseball goes, but his tools are very raw, but his instincts are very good. You can see his work ethic right away. If you tell him ‘Do this,’ he does it. He comes from a family of athletes. His mom

played volleyball for ASU and his dad was a state champion in soccer. He was just a unique athlete who had an unusual skill set.” Hoover was drafted by San Diego out of Eugene High School
