What Is The Medical Alert Service? Does it Work? pack v2 The Medical Alert Service is one of many types of Emergency Services offered by the Association for Home and Health Care (AHC), a non-profit organization that helps seniors and their families make independent, safe, secure, and comfortable living choices by promoting access to social and health services and information. MES is a program that allows a person to be monitored from anywhere through a special telephone that activates a state-of-the-art panic button or service when an emergency occurs. 21 When the MES is available, it will provide 911 or fire, police, or emergency medical services, among other services depending on your needs. The MES consists of two parts: a monitoring and control unit and an end-user alarm device. You can purchase the monitoring and control unit from any AHC participating healthcare provider or equipment vendor or you may purchase one from the AHC directly. You may purchase your MES equipment and services from the provider, directly from the AHC, or through an authorized distributor. The MES unit is easy to install and use, and once it is in place, you can sit back and relax. The AHC requires that you be at least 18 years old to order the MES service and is available in three package levels to meet your specific needs and cost. kitabmambaulhikmahebookdownload The Medical Alert Service Advantage Pay only for the services that you need and want, such as monitoring, pendant, buttons, or a PERS "invisible" button. Get coverage from any AHC participating provider, equipment vendor, or your own provider. Your money is protected against loss or theft of your equipment when you purchase from the AHC. There is no contract and you can cancel at any time. kitabmambaulhikmahebookdownload The Medical Alert Service You can monitor for a month, one year, or as long as you need. There is no monthly fee for the monitoring. The provider monitors your home from anywhere. Monitoring can be done in between phone calls. You can monitor from home or the hospital. You do not have to be present during an emergency. Your service provider can contact you if an emergency occurs. Kitabmambaulhikmahebookdownload Mapping The MES allows you to store and save all system settings,
