"Quoomsound " is an art project. Its purpose is the creation of a two channel looping web radio station based around the theme of "sex and torture". "Quoomsound" has 3 male voices and 3 female ones, all of them are screaming in different kinds of languages (mostly in Danish) to let your mind travel to a dark and mysterious world. There's also a long bass drum chime, a few gongs and a sound that quickly becomes an echo of the human voice, in quotes, ranging from a high-

pitched scream to a deep and distant groan. Quoomsound is far from being finished and will be updated weekly or if necessary more often. It's a work in progress and the time is limited.
