The following tutorial contains basic HMI interfacing instructions using the Simatic Ekb (FEK) and EKCS Simatic Omron Display (SOV) Simatic software. It’s intended for interfacing with the OEM equipment (RFID Reader, and OPC server). This includes installing the HMI interface, however we will only install the interface in the simatic ekb install 2010 03 20 Downloading the SL of the software and load the SL. To install the SL for EKCS Simatic Omron Display (SOV) and the Simatic EK toolkit (FEK) use the usual method for Windows operating systems. The installation package is available at the following link: EKCS_Simatic_FEK_19-EKCS_Simatic_SOV_33-SL.zip. Select all 4 files in the zip package and click on save. Then double click on FEK19-EKCS_Simatic_SOV_33-SL.exe file. Before opening the installation package, go to the program executable file and set the target as the program folder (Program Files) (x86 or x64). The following image shows the installation on Windows XP and the softwares installed. The following link contains the for the SL.zip for the Comfort Panel Interface: EKCS_Simatic_FEK_19-EKCS_Simatic_CUI_00-SL.zip. Follow the installation process as described previously. One

of the files of the installation package downloaded is CUI.zip which contains the interface files, so when it downloads it must be unzipped in to the program executable folder. Homeowners who have solar installations in their home may want to know that they will be able to retire their photovoltaic system and still receive a return on investment when the electricity is generated and sold back to the grid. In order to realize this return on investment, utilities must have visibility into a customer’s solar system to ensure the energy being generated is actually going to the grid, not just being stored in batteries.
