Start your 1 on 1 training and demo all your tracks with our Pro Tools and Logic tutorials. The newcomers will find them interesting and useful. Visit us at www.team-air.com for more information. Are you a Creative Cloud customer? We have launched our new offline version of our Nuendo 11 Standard and Pro-Team programs here - no longer will you be limited to the online version which is very slow. Unfortunately, it does not contain the advanced features like Metering, Jack Control, etc. Big Fat Media is an indie game developer currently working on a new game called Chaos Strikes Back. We're a small team of 4 people in our west London offices and we're really excited to be working on this project. When we first started our journey, we developed a HTML5 game engine which was made in collaboration with a friend who has since moved onto his own projects. However, we got really stuck when we wanted to develop the "platformer" part of the game - so we decided to just focus on the game instead and leave that platform for a later date. The Beatles had a profound impact on me, as they did for millions of others, and they were the initial influence for my fascination with sounds. They were creative geniuses that never rested on their laurels, always producing exciting new music and sounds with each new record, much of it ground-breaking! Putting this project together took well over a year of research, equipment procurement (much of it from collectors), and putting together a team that could pull off such a feat; but it was a labor of love for us all, and we feel the result is truly worth it. 5ec8ef588b
