Tirangaa Movie In Hindi 720p

this film, which redefined the scope of crime movies for hindi cinema, remains one of india's biggest hits and raaj kumar's best performances. directed by s. anand, the film runs at a slightly-risqué length of nearly two hours but it clocks in at a mere 71 minutes, including intermission. the film opens on the day of the country's independence, august 15, when a group of scientists from across the country have been brought to the city. as the day goes by, pralayanath gundaswamy (raaj kumar) realizes that there will be a huge meeting of scientists at the city and he plans to abduct them for his cause. he even decides to make a special base in the train's conservator, who has been sympathizing with him, for his plans. after a few days, he gets ready, he packs his bag and he goes to occupy the official-residence. however, he realizes that something is amiss and he does not find any one at home. the only person he finds is the conservator, the deputy commissioner of police, the son of the general, and the son of the minister. everyone lives with high security. after trying to calm down, he starts to look around and find all the victims. this is also the same day, the same night and the same time when harish (rajinikanth) and rahul (rajendra prasad) get drunk. they both are friends from the same institute and rahul is an assistant teacher of harish. at that time, they find radha (kamalika guha thakurta) sitting alone, crying. they return home and sit with her to play pranks. rahul does an imitation of a love letter, he writes that he wishes to meet radha. however, when he writes her address, he puts his roommates address instead and puts the letter in radha's bag. he also gives her a letter saying that he has created a love triangle, and that one of her roommates has fallen in love with him. radha opens the letter and starts reading it. the bottle of liquor she drank slipped from her hand and the letter drops onto the floor. 5ec8ef588b
