These are the good kind of apps that doesn't cost you an arm and leg. And just do what they are supposed to do - keep you sane. These great apps include Todoist for time management, 1Password for your password management, and for the best part - they are available on Android. These free software apps are a thoughtful gift for a tech savvy friend or family member. Todoist - organize your to-dos If you're looking for a to-do app to replace Microsoft OneNote then you've come to the right place. Todoist is a to-do list app that sync across Android, iPhone, iPad, and Windows devices. You can also tag and color code your tasks as well. The free version includes 15 tasks. You can upgrade to the \$9.99 per month paid version for unlimited tasks. What makes Todoist a solid app to use? 1. It syncs across all devices - that means no more lost work when you're offline. 2. It allows you to create lists. That way you can put your ideas in the right places. 3. The free version includes the to-do list and task list. 4. It allows you to use one-time passwords or an app-specific password to prevent your list from being lost. 5. The "Secret" feature lets you create a secret password for a project. You can also select to share only selected lists. 6. You can get paid through Todoist. However, you need to pay a small fee of \$1 per task you have completed. 7. It
