If we look at the U.S. market today we see a lot of special deals on some specific types of big data to small data / analytics. There are special deals on flash SSDs and ECC RAM (just 2 examples). To be honest, I've found the vendor ecosystem to be a bit chaotic. And while I don't blame any vendor for being competitive, it does lead to a situation where there are lots of competing vendors who try to get you to buy their 79a2804d6b
